EDUCATION

Chandigarh University

B.Tech in Computer Science and Engineering | CGPA: 7.25

2023 – 2027

Chandigarh, Punjab

EXPERIENCE

Junior Software Tester, Shree Ojas Pvt. Ltd.

Software Tester

May 2025 – July 2025

Nehru Place, New Delhi

- Designed and executed automated test scripts using **Java**, **Selenium WebDriver**, and **Maven** to validate core application functionality.
- Identified, documented, and tracked defects while collaborating with developers, writing clear reports to ensure quick resolution and high product quality.
- Performed regression, functional, and UI testing — improving test coverage and reducing manual testing time significantly.

PROJECTS

AI Assistant with LangChain | Python, LangChain, Anthropic Claude, FastAPI

June 2025

- Built a multi-provider conversational **AI** assistant integrating the **Anthropic Claude** and **Mistral AI** through **LangChain**, applying **prompt** and **context engineering** with conversation memory for context-aware, multi-turn responses.
- Integrated **Retrieval-Augmented Generation (RAG)** with vector embeddings and exposed **AI agent** pipelines as **REST APIs** via **FastAPI** for reuse across services.

NextMed – AI Healthcare Platform | React.js, Node.js, Express.js, MongoDB, AWS

Jan 2025

- Built and deployed a full-stack **AI** healthcare platform used by 1,000+ users, featuring symptom checking, skin disease detection, and telemedicine booking with 85% model accuracy.
- Developed **scalable microservices** with **REST APIs** handling 15,000+ monthly transactions, achieving 45% faster response times and 99.8% uptime on **AWS** infrastructure.

Automation Testing Framework | Selenium WebDriver, Java, TestNG, Maven

June 2025

- Built a robust automation test suite with 50+ **Selenium WebDriver** scripts in **Java**, validating UI, forms, navigation flows, and cross-browser functionality.
- Improved testing efficiency by 60% and saved 200+ hours of manual effort by automating repetitive test cases, reducing manual regression testing effort.

TECHNICAL SKILLS

Languages	Java, Python, C++, JavaScript, SQL
AI/ML	Anthropic Claude API, LangChain, Prompt Engineering, RAG, AI Agents, Fast API
Frontend	HTML5, CSS3, React, Tailwind
Backend	Node.js, Express.js, MongoDB, JWT, bcrypt, CORS
Testing	Selenium WebDriver, TestNG, Maven
Cloud/DevOps	AWS (EC2, S3, Lambda, RDS), Git, GitHub
Developer Tools	VS Code, Eclipse, MySQL, Figma

ACHIEVEMENTS

- Hack 5.0 Hackathon:** Runner-up at NIT Hamirpur among 900+ participants (Top 0.2%) for an AI healthcare solution.
- Competitive Programming:** CodeChef 2-star (1600+) — solved 500+ problems — maintained a 265+ day active streak.
- DSA in Java:** Certified, Infosys Springboard.

INTERPERSONAL SKILLS

Teamwork, Adaptability, Time Management, Problem Solving, Leadership, Professionalism, First-Principles Thinking, Analytical Mindset, Strong Communication
